

# Jessner Peel

Exfoliating top layers of skin

**PRESENTED BY**  
**VIOLET WHITE TOTAL BODY CARE**

# Jessner Peel Benefits

- Regenerative effect for smoothing skin texture
- Reduction of hyper pigmentation (lighter complexions)
- Smooths fine lines and wrinkles
- Improve overall complexion restoring “youthful glow”
- An excellent prep to invasive procedures 6-8 weeks prior
- Reduce acne scarring and ingrown hairs progressively
- Reduction of acne condition particularly impacted comedones

# 7 Day Peel Epidermal Peel

## Patch Test

- \$375
- 5- 7 Layered Peel
- Post Jessner Kit
- Post Treatment Facial

# Typical Peel Process

- In office: Once procedure is performed , your skin will typically be white and frosted-this will last from 2-3 hours and subside
- Day 1-2 : Skin will feel very dry and tight and will have a sunburned look
- Day 2-4: Peeling begins (usually around mouth first)
- Day 5-7: Skin continues to peel and underlying skin is pink and soft
- Day 8-9: Skin may be slightly pink. Post treatment is performed to hydrate skin
